

Fibrin Degradation Products to become LabCorp Send out Test

Highlight: Beginning 3/30/2022, we are discontinuing our in-house analysis of the Fibrin Degradation Products. This will now be a send out test performed at LabCorp

Due to low volume and product unavailability, we are **discontinuing** our in-house analysis of the Fibrin Degradation Products.

These will now be sent to LabCorp. The new orderable test will be as follows:

Test: Fibrinogen Degradation Products (FDP), Plasma

LabCorp Test Code:115402

CPT: 85362

Expected Turnaround Time: 2 - 3 days

Specimen: Plasma

Container: Blue-top (sodium citrate) tube

PERSON RESPONSIBLE:
